

# SPRINT 1.0.7 Release Notes

Latest release        SPRINT 1.0.7 - 24.09.2014  
Previous release     SPRINT 1.0.6 - 06.06.2014

## 1. What's new in SPRINT 1.0.7

- SPRINT now works with Linux (Fedora, Debian) running OpenMPI in addition to running on MPICH on Linux and OpenMPI and MPICH on Mac OS X as in release 1.0.6.
- A bug that could cause a seg fault error has been fixed in pcor().
- The psvm() method has been removed until it can be changed to meet CRAN guidelines.
